### **REMARKS**

Claims 1, 6-14, and 20-28 are all the claims presently pending in the application. Claims 1, 11, 13, and 28 have been amended. Applicants thank the Examiner for the courteous and productive telephone interview on August 24, 2006, in which the Examiner indicated the above changes would place the case into condition for allowance.

It is noted that the claim amendments herein or later are not made to distinguish the invention over the prior art or narrow the claims or for any statutory requirements of patentability. Further, Applicants specifically state that no amendment to any claim herein or later should be construed as a disclaimer of any interest in or right to an equivalent of any element or feature of the amended claim.

### **IV. FORMAL MATTERS AND CONCLUSION**

In view of the foregoing, Applicant submits that claims 1, 6-14, and 20-28, all the claims presently pending in the application, are patentably distinct over the prior art of record and are in condition for allowance. Should the Examiner find the application to be other than in condition for allowance, the Examiner is requested to contact the undersigned at the local telephone number listed below to discuss any other changes deemed necessary in a telephonic or personal interview.
